

How to PLAN YOUR TRIP

You give us your dates.

We can organise tours all through the year so just give us a ring or send a brief email with your provisional dates and the likely number in your group. If we don't respond immediately the chances are we are on an adventure and will come back to you as soon as we can.

We make a provisional reservation.

We will then let you know if your dates are available and the likely cost. If they are already reserved we will contact you to offer you some alternative dates. We will hold these dates for 7 days while you check your travel arrangements or find suitable flights. The airports nearest to us are Barcelona and Valencia. If you are travelling by car or bike just let us know.

You check our terms and conditions.

Before booking your flights, please read our terms and conditions and make sure you are either able to extend your own insurance to cover our bikes or contact xxx to ensure you can be covered on my own specialised policy.

You complete our booking form.

When you have made your travel arrangements please email your confirmation and then fill in the booking form (within a further 7 days), confirming that you have read and accepted our terms and conditions and send it back to george@montanaadventures.co.uk along with your deposit of Euros xx. Please transfer the money directly into the Montana Adventures bank account G. Moore 20 05 74 Account No. 8041159 with the group leaders name as the reference.

We will confirm your booking.

We will acknowledge receipt of your non-refundable deposit payment and your booking form, confirming the dates and details of your trip. Your trip is not confirmed until your deposit and fully completed booking form has been accepted. This must include personal details of all participants.

The final payment is due when you arrive.

We send you a reminder.

Approximately 1 week before your trip starts, we will send you a reminder of your trip details and what you need to bring with you in order to have a smooth start to your trip and an enjoyable time.
